“Der Grund, warum ich mich für Liv einsetze, ist weil ich mich beim Radfahren so glücklich fühle. Nachdem ich gefahren bin, fühle ich mich ausgeglichen und frei”

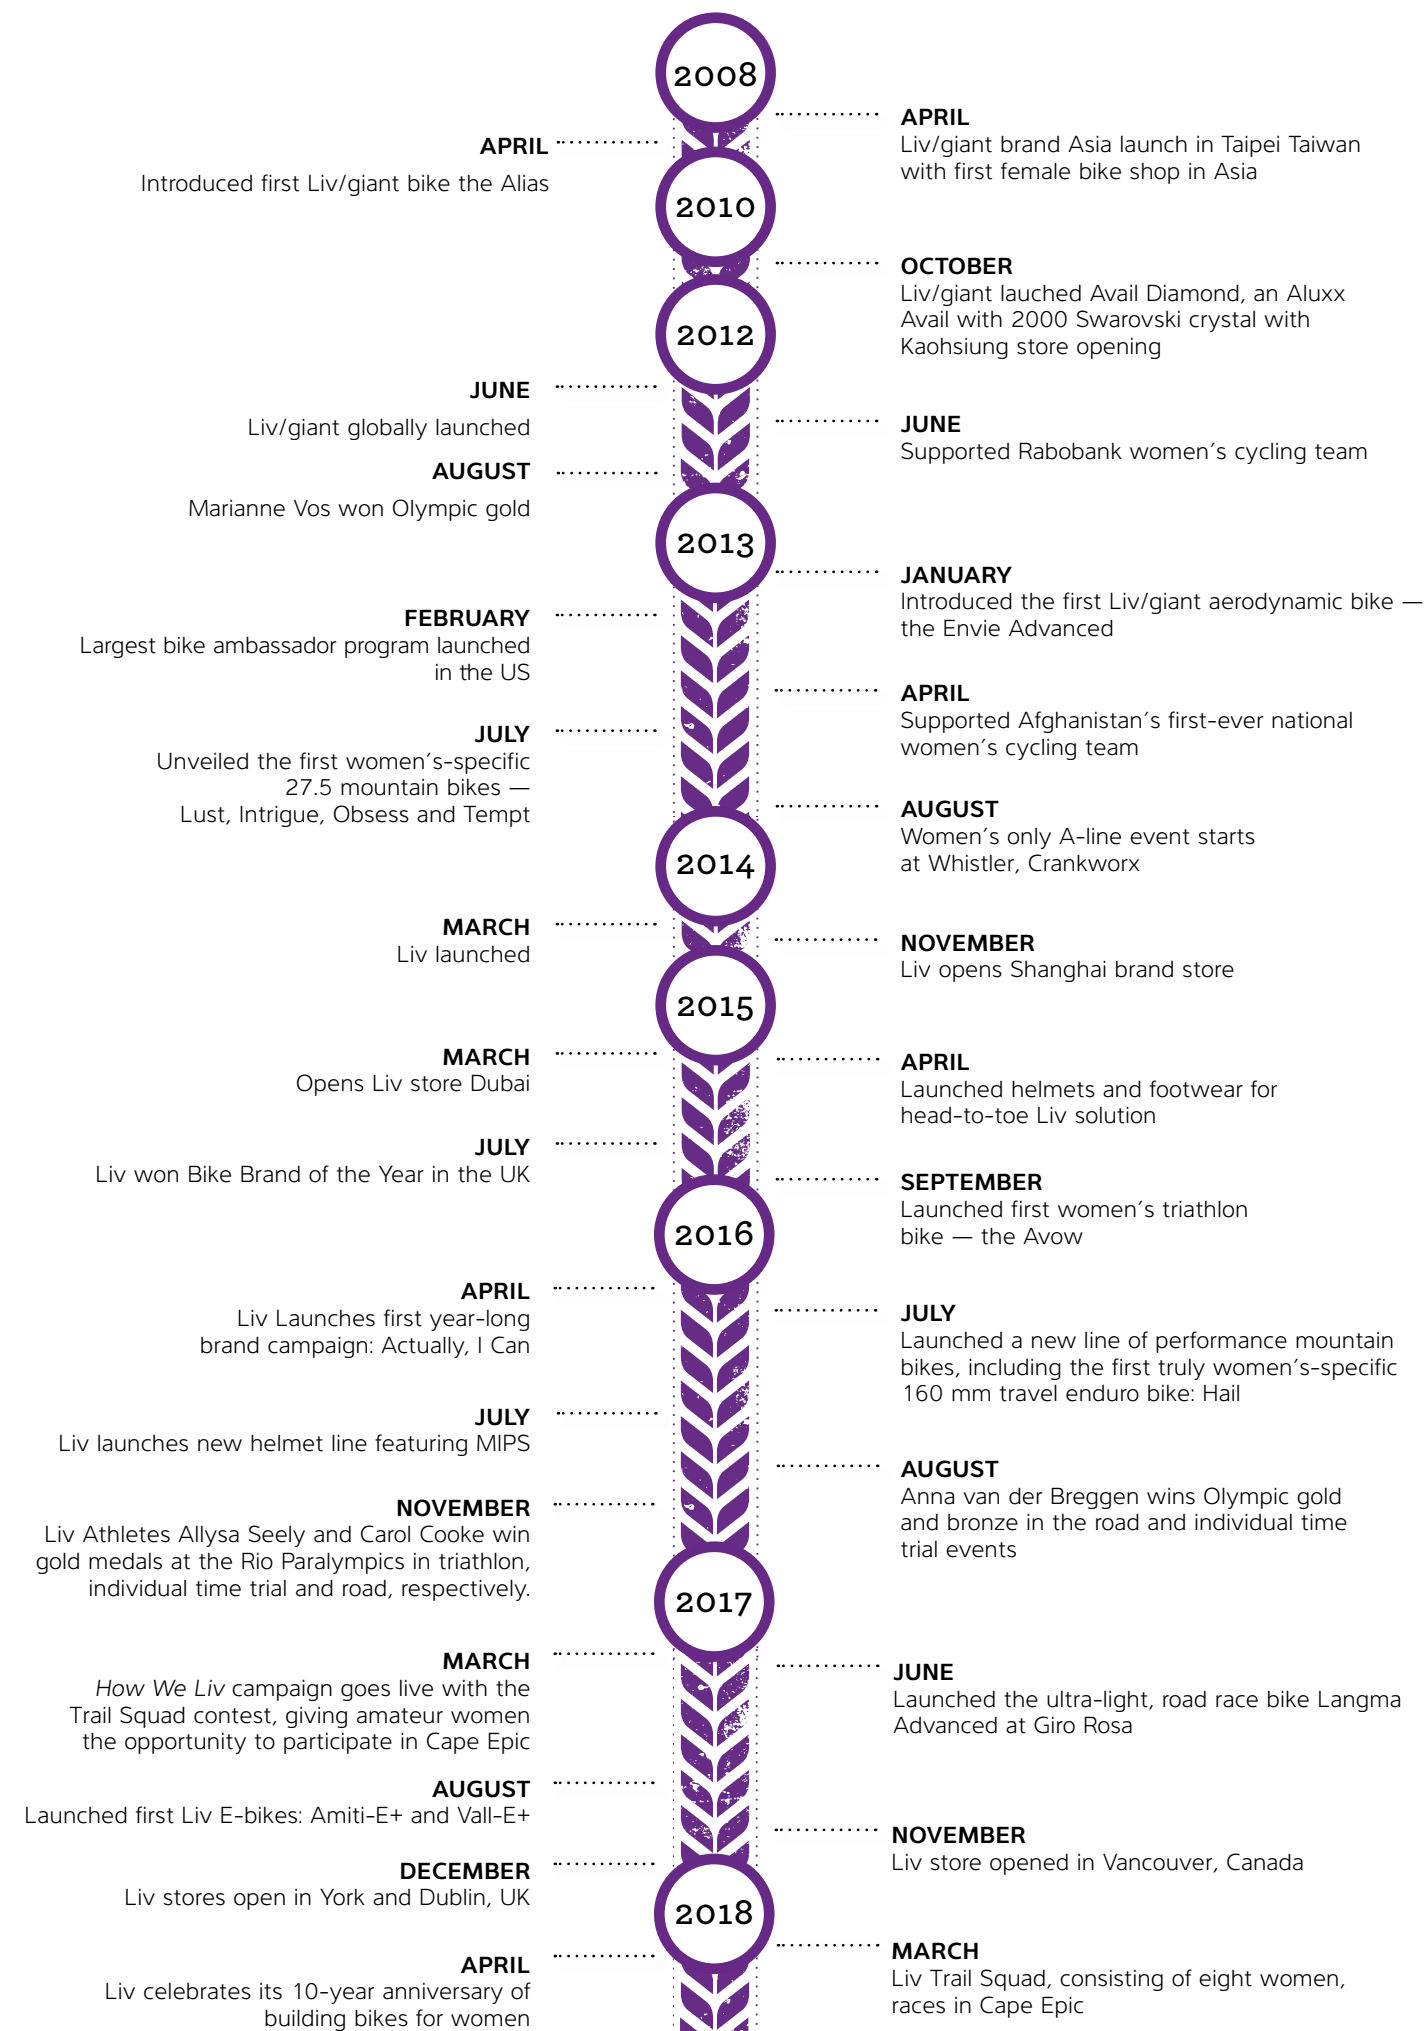

—Bonnie Tu, Liv Gründerin

“La raison pour laquelle je m’investis pour Liv, c’est que faire du vélo, me rend tellement heureuse. Et après une sortie à vélo, je me sens tellement bien et libre”

—Bonnie Tu, fondatrice de Liv

Liv

Dedicated to Women
Since Day One.

Fit

Liv verwendet drei Ebenen von Daten für die Passform des Fahrrads: Körpermasse, Muskelaktivität und Kraftmuster. Diese Daten, zusammen mit dem Feedback unserer Profi-Rennfahrer, werden auf den endgültigen Rahmen und die Fahrradkonstruktion angewendet.

Liv utilise trois niveaux de données pour l'ajustement du vélo : la masse corporelle, l'activité musculaire et le schéma de force. Ces données, ainsi que les commentaires de nos coureurs professionnels, s'appliquent au cadre final et à la construction du vélo.

Form

Bei Liv geht es nicht nur darum, gut aussehnde Fahrräder zu kreieren. Wir schaffen Fahrräder, die überzeugen, beeinflusst von Farben und Grafiken der Natur die Ihre Sinne begeistern. Mit Hingabe zum Detail ist es unsere Vision, Sie zum Fahren zu inspirieren. *Liv ce n'est pas seulement créer de beaux vélos. Nous créons des vélos incontournables, avec des couleurs et des graphismes inspirés de la nature pour éclairer vos sens. Avec une attention obsessionnelle aux détails, notre vision est de vous inspirer à conduire.*

Function

Unser Ziel ist es, Sie so nah wie möglich an die perfekte Fahrt zu bringen. Erst durch die Verbindung von Rahmendesign, Komponenten und neuesten Technologien ist das Paket komplett. *Notre but est de vous rapprocher le plus possible du trajet parfait. Seule la combinaison de la conception du cadre, des composants et des technologies les plus récentes rend l'ensemble complet.*

E-BIKE TECHNOLOGY

HYBRID CYCLING TECHNOLOGY

Liv Hybrid-Fahrradtechnologie

Die Liv Hybrid Cycling Technology kombiniert die neueste, grösste elektrische Leistung mit menschlicher Kraft, um das effizienteste, leistungsfähigste und natürlichste E-Bike-Fahrgefühl zu erzeugen. Die elektrische Unterstützung von Liv ermöglicht es der FahrerIn, eine nahtlose Erweiterung ihrer eigenen Kraft zu schaffen. Das ist es, was Liv E-Bikes von der Konkurrenz abhebt.

Liv E-Bikes wurden speziell für Frauen von Frauen entworfen und entwickelt, um deine Fahrt abenteuerlicher und unterhaltsamer zu machen.

Technologie des vélos hybrides Liv

La technologie Liv Hybrid Cycling Technology combine la plus récente et la plus grande puissance électrique avec la puissance humaine pour créer l'expérience de conduite la plus efficace, la plus puissante et la plus naturelle des vélos électriques. Le support électrique de Liv permet au conducteur de créer une extension transparente de sa propre puissance. C'est ce qui distingue Liv E-Bikes de la concurrence.

Les vélos Liv E-Bikes sont spécialement conçus et développés pour les femmes par les femmes pour rendre votre randonnée plus aventureuse et divertissante.

ENVILIV

LANGMA

AVAIL

ROVE

ENVILIV ADVANCED PRO 1 DISC

FEATURES

- XS, S, M
- Advanced-Grade Composite Frame with Full-Composite Fork
- Shimano Ultegra Hydraulic Disc Brakes
- Shimano Ultegra 11x30 & 36/52, 2x11s Drivetrain
- Giant SLR-1 Aero 42/65 Disc WheelSystem

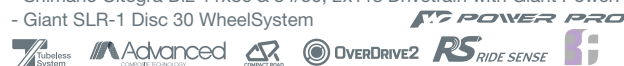

LANGMA ADVANCED PRO 0 DISC

FEATURES

- XS, S, M, L
- Advanced-Grade Composite Frame with Full-Composite Fork
- Shimano Ultegra Hydraulic Disc Brakes
- Shimano Ultegra Di2 11x30 & 34/50, 2x11s Drivetrain with Giant PowerPro
- Giant SLR-1 Disc 30 WheelSystem

LANGMA ADVANCED 0

FEATURES

- XS, S, M, L
- Advanced-Grade Composite Frame with Alloy/Composite Fork
- Shimano Ultegra Brakes
- Shimano Ultegra Di2 11x30 & 34/50, 2x11s Drivetrain
- Giant P-R2 WheelSystem

ENVILIV ADVANCED PRO

FEATURES

- XS, S, M
- Advanced-Grade Composite Frame with Full-Composite Fork
- Shimano Ultegra Brakes
- Shimano Ultegra 11x30 & 36/52, 2x11s Drivetrain
- Giant SLR-1 Aero 42/65 WheelSystem

LANGMA ADVANCED PRO 1 DISC

FEATURES

- XS, S, M, L
- Advanced-Grade Composite Frame with Full-Composite Fork
- Shimano Ultegra Hydraulic Disc Brakes
- Shimano Ultegra 11x30 & 34/50, 2x11s Drivetrain
- Giant SLR-1 Disc 30 WheelSystem

LANGMA ADVANCED 1

FEATURES

- XS, S, M
- Advanced-Grade Composite Frame with Alloy/Composite Fork
- Shimano Ultegra Brakes
- Shimano Ultegra 11x30 & 34/50, 2x11s Drivetrain
- Giant P-R2 WheelSystem

LANGMA ADVANCED 2 QOM

FEATURES

- XS, S, M, L
- Advanced-Grade Composite Frame with Alloy/Composite Fork
- Shimano 105 Brakes
- Shimano 105 11x34 & 34/50, 2x11s Drivetrain
- Giant P-R2 WheelSystem

AVAIL ADVANCED PRO 1

FEATURES

- XS, S, M, L
- Advanced-Grade Composite Frame with Full-Composite Fork
- Shimano Ultegra Brakes
- Shimano Ultegra 11x34 & 34/50, 2x11s Drivetrain
- Giant SLR-1 Disc 30 WheelSystem

AVAIL ADVANCED 2

FEATURES

- XS, S, M, L
- Advanced-Grade Composite Frame with Alloy/Composite Fork
- Shimano 105 / Giant Conduct SL Hydraulic Disc Brakes
- Shimano 105 11x34 & 34/50x 2x11s Drivetrain
- Giant PR-2 disc WheelSystem

AVAIL ADVANCED 1

FEATURES

- XS, S, M, L
- Advanced-Grade Composite Frame with Alloy/Composite Fork
- Shimano Ultegra / Giant Conduct SL Hydraulic Disc Brakes
- Shimano Ultegra 11x34 & 34/50, 2x11s Drivetrain
- Giant PR-2 disc WheelSystem

ROVE 1 DD DISC

FEATURES

- XS, S, M
- ALUXX-Grade Aluminum Frame with SR Suntour NCX-D LO 700C 63mm Fork
- Shimano MT201 Hydraulic Disc Brakes
- Shimano Deore 11x42 & 32/44, 2x10s Drivetrain
- Giant GX28 WheelSystem
